

## Customized Length Alloy Solid Brass Rod , Anti Corrosive C3601 Brass Round Bar ISO 9000

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: TSTY
- Certification: ISO 9000
- Model Number: Accordingly
- Minimum Order Quantity: 2 TON
- Price: USD/EURO/RMB
- Packaging Details: Standard export package
- Delivery Time: 2-4Weeks
- Payment Terms: L/C, T/T
- Supply Ability: 3,000 MT/per month

### Product Specification

- Name: Best Sell Customized Length Alloy Brass Round Rod C3601 Brass Bar
- Material: Brass
- Color: Yellow
- Price Term: FOB,CIF, EXW, CNF
- Type: Continuous Cast Bar Or Extruded Bar
- Dimension: Customized
- Shape: Round, Hexagon Or Customized
- Highlight: **brass bar stock, solid brass rod**

## Product Description

|                       |                                                                                                                                                                                                         |
|-----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Item                  | Brass Rod/bar C3601                                                                                                                                                                                     |
| Composition           | as below table                                                                                                                                                                                          |
| Standard              | ASTM,AISI,BS,JIS,GB,etc                                                                                                                                                                                 |
| Type                  | Continuous or Extruded                                                                                                                                                                                  |
| OEM acceptance        | Yes, customized composition and dimension is accepted                                                                                                                                                   |
| Shape                 | Solid or hollow<br>Round, flat, square, hexagonal, rectangular,etc                                                                                                                                      |
| Dimension             | Round bar:<br>Diameter for continuous casted rod: 7-150 mm<br>Diameter for extruded rod: 3-70 mm<br>Length: customized<br>Dimension for rods of Other shapes can be customized.                         |
| Finish                | Mill, polished, bright or as requested                                                                                                                                                                  |
| Process               | Horizontal continuous casting, Extrusion                                                                                                                                                                |
| Inspection Equipments | Chemical composition analysis: Spectrometer<br>Mechenic property test: Hardness, tensile strength, Elongation,Straightness                                                                              |
| Application           | 1). Charging auto parts<br>2) Connectors<br>3). Marine pumps<br>4). Bushing<br>5).Electrical conductors<br>6) Communication<br>7) Couplings, plumbing parts or sanitary ware parts,etc.<br>8). Military |
| Advantages            | 1) Good mechanical properties,<br>2) Strong corrosion resistance,<br>3) Strict dimension control,<br>4) High intensity,<br>5) Great machining performance,<br>6) Hot Forging performance                |
| MOQ                   | 500KG-3000KG                                                                                                                                                                                            |
| Sampe requested       | Yes                                                                                                                                                                                                     |
| Price Term            | Ex-works, FOB,CIF, etc                                                                                                                                                                                  |

## COMPANY INTRODUCTION

Shanghai Tianshen Copper Group Co., Ltd, established in 1992, is a professional manufacturer for copper materials and parts. With the development of 25 years, Tianshen has set up two facilities in Shanghai and Zhejiang as the manufacture base. By adoption of the advanced and automatic equipments, Tianshen focuses on providing high quality products throughout various industries, such as faucet, water meter, valve, plumbing, power, connector etc. With the high quality, excellent service and competitive price, Tianshen has become long-term strategic suppliers for many well-known brands all over the world.

### OUR PROCESS

Gravity casting  
Centrifugal casting  
Continuous casting/ Extrusion

Automatic sand casting  
Hot forging  
Machining

## OUR ADVANTAGES:

Comprehensive manufacture process from raw material to finished parts

---Devoted to whole process control and continuous improvements

Well equipped with modern devices and professional personnel

---Share advanced technology and experience

Multiple ways of production process from casting to forging

---Meet various needs of clients

Long-term partnership with top international companies

----Stay competitive and focus on excellence

### MAIN PRODUCTS

Water meters and couplings  
OEM Brass/Bronze/ Lead free parts  
Brass/Bronze/ Lead free Ingots  
Brass/Bronze/ Copper Coils/Strips

Valves and fittings  
ETP Copper Bus bar  
Brass/Bronze/ Lead free Rods  
Brass/Bronze/ Copper Sheets/Plates

## CAPTION FOUNDRY 铸造车间

### 车间介绍 Workshop is introduced

产品具有优良的延展性、高冲性、高电导和优良的导电性能特点,广泛应用于建筑、机械制造、汽车、电子电器、集成电路、变压器、电缆及各种电气设备等行业。

Be provided with excellent ductility, deep-drawing performance, plating conductivity etc., and widely used in architecture, mechanical manufacture, auto motor,

#### 水表壳 THE WATER METER SHELL

## MACHINE SHOP

机加车间

### 车间介绍 Workshop is introduced

产品具有优良的耐腐蚀性、高韧性、高电导率和优良的导电性等特性,广泛应用于建筑、机械制造、汽车、电子电器、船舶电器、压力容器、电缆及各种电气设备等行业。

Be provided with excellent durability, deep-drawing performance, plating conductivity etc., and widely used in architecture, mechanical manufacture, auto motor.

## COPPER INGOT

铜锭系列

### 产品介绍 Product introduction

产品结晶细腻, 流动性好, 含铜量纯正, 表面光滑, 易抛光, 广泛应用于卫生洁具、船舶制造等行业, 尤其适用于重力铸造和低压铸造工艺生产水室头和阀门等产品, 能有效提高良品率, 降低生产成本。

Be provided with high density, good liquidity, pure copper content, glossy surface, easy polishing etc., especially good at faceted and valves by gravity die casting and low pressure casting with high qualified rate and low cost.

### 产品展示 Product display

## COPPER BAR

铜棒系列

### 产品介绍 Product introduction

通过控制轧制工艺生产,具有良好热冲压和切削性能,备有圆棒、六角棒多种形状。

Be provided in round, square, hexagonal, with good hot stamping and cutting property by drawing and expanding crafts.
